SUMMARY

Computer Science student with hands-on experience in system analysis, technical implementation, and software development, seeking an entry-level role in the tech industry. Eager to contribute through a detail-oriented and results-driven approach to building solutions and delivering successful outcomes in a collaborative professional environment.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

Aug 2022 - June 2026

University of Cebu Lapu-Lapu and Mandaue

- Magna Cum Laude (Ranked 3rd Among All Graduates in the Class of 2026)
- GPA: 1.21 / 1.00 scale
- Dean's Lister, Academic Scholar, Associate Editor and Managing Editor of College of Computer Studies Publication

EXPERIENCE

Accenture: SAP ABAP Bootcamp Trainee

Sept 2025 - Dec 2025

- Engineered a main SAP Inventory Report program integrating Stock Overview, Warehouse Stocks, and Stock on Posting Date, following SAP ABAP bootcamp development standards and naming conventions.
- Delivered a multi-view ALV reporting solution with reusable OOP local classes, enforcing clean code principles and proper data encapsulation across all program modules.

Alliance Software Inc.: Jumpstart Trainee – Technical Manager

Aug 2025 – Nov 2025

- Managed technical direction, task delegation, and sprint execution for a ground-up food ordering system, ensuring on-time milestone delivery while developing front-end interfaces and real-time order processing using Razor MVC and C#.

Rococo Global Technologies: ServiceNow Trainee

Feb 2025 - May 2025

- Built a ServiceNow-based visitation scheduling system for a correctional facility, integrating role-based permissions, conflict-free booking logic, and risk-level flagging through a restricted Service Catalog portal.
- Implemented form validation, scheduling constraints, and automated email notification workflows to maintain data integrity and support staff approval processes across server and portal environments.

PROJECTS

LearnSphere: An AI-Powered Learning Analytics System

Dec 2025 - May 2026

ReactJS, TypeScript, Node.js, Flask, FastAPI, Supabase, PostgreSQL, XGBoost, SHAP, Python

- Architected the full-stack web platform using ReactJS, TypeScript, and FastAPI with Supabase on PostgreSQL, and engineered an XGBoost predictive engine with Bayesian tuning and SMOTETomek resampling to surface SHAP-based explainable at-risk insights across three user roles.

NeoME: Gamified AI-Driven Wellness Mobile Application

Jan 2025 - May 2025

React Native, Expo, TypeScript, Node.js, Flask, Firebase, Gemini API, Python

- Built the full-stack mobile platform integrating Firebase, Flask microservices, and Gemini API, and engineered gamification systems with personalized AI recommendation workflows delivering real-time health tracking, 3D avatar customization, and sentiment-driven emotional insights.

TECHNICAL SKILLS

Programming Languages: C#, Java, TypeScript, JavaScript, Python, ABAP

Frameworks/Libraries: React Native, React, .NET, Expo, TailwindCSS, Node.js, Vite

Database: Microsoft SQL Server, MySQL, Firebase, Supabase

Tools & Software: VS Code, Visual Studio, GitHub, Google Colab, Figma, ServiceNow, Microsoft Excel, Google Sheets

ACHIEVEMENTS & CERTIFICATIONS

- Consistent Dean's Lister (2022 - Present)
- Consistent Academic Scholar (2022 - Present)
- 13th UCLM Research Congress Poster Competition - 2nd Place (December 2025)
- SAP Advanced Business Application Programming Certification - Accenture Academy (December 2025)
- Alliance Jumpstart Training Program Completer (December 2025)
- IBPAP: Hackathon Challenge Participant (July 2025)
- 4th CCS Research Congress 2025 Research Poster - 3rd Place (April 2025)
- 11th ICT Congress UI/UX Competition - 2nd Place (April 2025)
- WorldMUN Resolution Project: Social Venture Challenge 2025 - Semi-Finalist (March 2025)
- UCLM College Days 2025 TECH Talk: Database Programming (March 2025)
- UC College Days 2025 UI/UX Competition - 2nd Place (March 2025)
- 13th TOPCIT Philippines - Level 2 Passer (December 2025)
- Top Scorers in APPSDEV22 Departmental Examination (S.Y. 2023 - 2024)
- 10th ICT Congress 2024 General IT Quiz Competition - 3rd Place (April 2024)
- UC ICT Congress 2023 General IT Quiz Bowl - 3rd Place (May 2023)

ADDITIONAL INFORMATION

- **Languages:** English, Cebuano, Tagalog, Hiligaynon
- **Technical Interests:** UI/UX Design, Mobile App Development, Web Development (full-stack), AI and Machine Learning
- **Soft Skills:** Problem-Solver (Analytical thinking, troubleshooting, and performance optimization), Collaboration (Teamwork, adaptability to new technologies, effective communication)
